

# Mercy Health Partnership Program

Supporting patients to achieve their health goals

Certified Community Health Workers (CHWs) conduct monthly in-person visits with Mercy Health primary care patients and help remove obstacles to achieving their health goals, while providing education, advocacy and support.

## Who is eligible for services?

- Adult patients established with a Mercy Health Primary Care Provider
- Has a social need and requesting hands-on support
- Patients of all incomes, with insurance or no insurance

## How do I enroll in the program?

Contact your Mercy Health Primary Care Provider and ask to be referred (REF 166)

## Services Offered

CHWs work with each participant to:

- Secure resources for housing, food, transportation, and employment opportunities
- Access to health care services
- Obtain health insurance and maximize benefits
- Support with co-pays and accessing prescriptions
- Increase knowledge and skills to be healthy and well
